

Mercedes- Benz S 500 PLUG IN HYBRID | LUXURY

Features

Sustainability and luxury need not be a mutually excluded.

Seat climate control in the rear

3

- First- Class Fond

- Climate control in the rear

If sustainability is the focus, you have no other choice than our Mercedes S 500 L plug-in hybrid.

2

The heart of this concept is the combination of combustion engine and electromotor to reduce the CO2 emission in the city.

You can enjoy the famous luxury S-class and need not to abstain from your usual comfort.
